

Dear Neighbors,

There has never been a better time to attend Houston Community College to pursue a college certificate or degree! Due to the Covid-19 pandemic, HCC has shifted many on-campus courses to online classes with more ways to learn now than ever before! Enrolling is easy by visiting: [hccs.edu/now](https://hccs.edu/now)

Students can choose from:

- **Flex Campus:** Students attend online or in person at the scheduled dates and times
- **Lab-Based Courses:** HCC's skills-based, hands-on lab courses host fewer students per section to enable social distancing
- **Online Anytime:** Students conveniently take classes online any time. These are traditional online classes, and students are never required to be physically present on campus
- **Online on a Schedule:** Students take classes online at scheduled class time and never required to be physically present on campus

The Northeast College offers in-demand career training in commercial truck driving, public safety, energy, transportation, business, welding, plumbing and AC repair.

The college offers academic courses and fast-track continuing education certificates to allow students to enter the workforce within just six months. On-site classes follow all CDC guidelines to help students remain safe.

Our experienced financial aid staff at [hccs.edu/financial-aid](https://hccs.edu/financial-aid) can also advise you on how to refile Federal Student Aid applications for Pell Grants and assist with scholarships through the HCC Foundation. Here are other helpful links:
